

Conset 501-11 Sit Stand Electric Desks

The Conset 501-11 is the heavy duty range of desks with a weight limit of 150kg - making it ideal for both office and industrial use. Bosch motors are used which offer low noise levels and exceptional reliability. These desks include an on/off switch to prevent accidental adjustment and then a simple push button for easy height adjustment when switched on.

Height range: 65-122cm
 Height adjustment speed: 28mm/sec

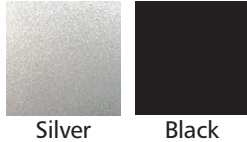

Wood Finishes

The prices quoted are for desks finished in Melamine. If you would like an alternative finish there may be a surcharge. Please contact the office for prices.
