# Conset 501-25 Sit Stand Electric Desk

The 501-25 is a stable and functional desk that offers great value for money. The frame has a lifting capacity of 80kg, but with strong rigidity built into the construction. Desk tops are available in a range of shapes and sizes. The desks are available to suit all sized workstations and ensure your individual comfort. It also includes a safety mechanism where 2 buttons must be pressed simultaneously to adjust height – thus preventing accidental movement.

Height range: 68-118cm.

Height adjustment speed: 25mm/sec

Wood Finishes
The prices quoted are for desks finished in Melamine. If you would like an alternative finish there may be a surcharge. Please contact the office for prices.
